FAMED STAR HERE—Lily Pons, noted operatic star, tries a little golf practice during her 10th annual winter visit at Ingleside Inn.

LILY PONS IN VILLAGE FOR 10th ANNUAL VISIT

By BETH SCOTT

It's Lily Pons time again in Palm Springs!

That is Lily Pons again is visiting our resort spa for her tenth annual holiday in the sun. She, as usual, is occupying the beautiful French suite at Ingleside Inn, which now is known as "the Lily Pons room."

During the second week of her holiday, the petite star has been learning her part in the big TV show she will do Saturday night with Jimmy Durante.

IN THIS HILARIOUS script she will completely drop her sedate opera role to clown with the king of comedy. These French eyes will even make love to Jimmy Durante and it is hinted she also may sing "Minnie the Moocher." For those who have television in this area they will be interested to know the show that is filmed this Saturday.

WEEKEND LAMENT
Monday is fair as a maiden kiss,
Tuesday is clear and serene,
Wednesday brings heavenly hours of bliss
On a warm (not hot) desert scene.
Thursday is mild and the sun's in the sky,
Friday is the essence of June,
But Saturday's gift, as we moon and we cry,
Is our punctual weekly moonson.
—John Greenleaf Wellfellow.

The above was sent me by Hermine Rosin. . . . It came from the typewriter of Arthur Weil, one of the staff at Stan Rosin's Tahquitz Vista. . . . And why should I bat my brains out trying to manufacture a little ditty to lead this thing off when one like that falls in my lap? . . . But isn't it the truth?

DESERT SUN scoops the nation! . . . So says Johnny Archibald. . . . A few weeks before the election when I was feuding with R. M. (Pop) Gorham, postmaster, about the respective merits of Ike and Adlai, Archie sent in a verse which wound up with the statement that Eisenhower would be marching through Georgia. . . . Then right after the election, the public prints disclosed that Ike would spend 10 days in Georgia, golfing and hunting. . . . Which prompted a reminder from Archibald that he had, in this column, predicted that, following the counting of

day is released only in the north and east, but next Saturday, November 22, it can be seen here from 9:30 to 10:30 p. m.
After this last appearance in Los Angeles, Miss Pons will go directly to New Orleans to sing in her own concert on November 19. Her concert tour will take her through the middle states ending in New York city for a singing engagement on December 7.

HER PREMIERE at the Metropolitan Opera company will be in Rigoletto on December 18. This opera is for charity with proceeds going to the Milk Fund of New York, which is sponsored by Millicent Hearst, one of the leading charity workers of the metropolis.

During the Christmas holidays the opera star is to be in Chicago to sing in "Lucia di Lemmermoor" and "Barber of Seville." For these two operas Lily Pons' great friend, Maestro Tullio Serafin will come from Italy to direct. This is his first appearance in the United States in 14 years.

IT WILL be a happy occasion for the maestro as his son-in-law, Rossi Lemeni, now is being acclaimed the new find of the year. He premiered on this coast with the San Francisco Opera group.

In June of next year Miss Pons has been invited to sing in three performances of her favorite operas in London. This mid-Summer opera season has been set.

CHILDREN KEEP SAFETY IN MIND

George Bond, transportation superintendent for the Unified School district, has launched a campaign to promote safety on school bus routes and among school children.

Each week a new safety slogan is issued to the children as a "pass word for the week." The slogan is posted in school buses and in classrooms.

As every seventh child leaves the bus, he is asked the pass word.

The test is given in classrooms, too.

The pass-word for this week, issued Monday morning, is: "Remove roller skates before crossing the street."

Legislators Get Request for 4th Judge

Resolution Sent
Senator Dilworth
and Backstrand

State legislators were asked Monday by county supervisors to establish a fourth permanent department of Riverside county superior court and to authorize a fourth judge.

In a resolution adopted Monday they asked that the court be established in the desert area to sit at Indio.

County grand jury and bar association have already adopted resolutions making the same request. Copies of the resolutions making the same request. Copies of the resolutions will be sent to the county's two state legislators: State Senator Nelson Dilworth and State Assemblyman-elect Lee Backstrand.

THE BOARD declared: "The board of supervisors has made a study of the needs of the superior court of the state of California and for the county of Riverside.

"It appears to the board of supervisors that in order to properly carry out the functions of the superior court it is necessary to increase the number of judges and that it is further necessary to provide that a branch of the superior court sit in the city of Indio."

ALL THREE permanent judges of the superior court sit now in the City of Riverside—75 miles from Indio.

The population of the three incorporated cities in the Coachella Valley (Indio, Palm Springs, Coachella) has more than doubled in the 10 years between the census of 1940 and that of 1950: from less than 8000 to about 16,000.

Pines to Palms
Ride Defies Rain

Second annual Pines to Palms ride was termed a success by the 150 participating riders, although rain Friday evening cancelled the parade down Palm Canyon drive.

A heavy downpour Friday evening washed out the encampment in Andreas Canyon, and the riders made their way into the city one day ahead of schedule.

On Saturday evening the ride was officially concluded with a dinner and dance for riders and their wives at Rogers Ranch.

Joining the Pines to Palms riders this year were the Los Caballeros Riders of Los Angeles.

Two Extra Holidays Possible this Year

County employees may get two extra holidays this year. Christmas and New Year's Day fall on Thursdays and supervisors will decide Monday whether to take the Fridays between the holidays and the usual Saturday off, holidays, too.

Haddock said that if this first dance is a success, square dances will be held each Saturday night during the season.

ARMISTICE DAY—Veterans organizations met at Palm Springs Cemetery Tuesday at 11 a. m. in observance of Armistice Day and a memorial service. Above, Mrs. Marion Benzing, commander of the DAV auxiliary and Walter V. Larsen, commander of the DAV chapter here.

ARMISTICE DAY MARKED BY CEMETERY MEMORIAL

Memorial services conducted by the Disabled American Veterans at the Palm Springs cemetery Tuesday morning highlighted the Armistice Day celebration in Palm Springs.

Present at the laying of the wreath at the memorial stone were Veterans of Foreign Wars Commander David Dunswoth, American Legion Commander Warren Linville, and the following DAV members: Commander Walter V. Larson, Auxiliary Commander Marion Benzing, Chaplain Paul Clark, Junior Vice Commander Adolf Benzing, Adjutant Ray E. Hiller, Public Relations Officer Robert Dasso, Mrs. Hiller and Mr. and Mrs. Charles H. Farrar.

DUNSWORTH AND LINVILLE, together with three sixth grade students were speakers at the Kiwanis club luncheon Tuesday noon at the Tennis club.

The VFW commander told of his personal experience with Armistice Day on November 11, 1918, when he was serving with the U. S. Army in the Argonne Forest in France.

The news of the armistice reached there at three minutes after one o'clock, he reported, and no one could realize that it actually was over.

THE TRIBAL COUNCIL emphasized that it will discuss the matter with all members of the tribe before asking vote on the matter.

The city recently completed negotiations for purchase of 60 acres of land which angle across the two paved runways. Price agreed upon by the city and three owners, Dudley Edelman, Lee Levine and Julius Nyrn, all of Los Angeles, was \$450 an acre, or a total of \$27,000.

The PUBLISHER'S Corner

FOR SEVERAL YEARS we have been hearing complaints by people who have started new business enterprises in Palm Springs that the city government works hardships on them through its building and licensing departments. Many of these businesses who voiced complaints to this newspaper were of the opinion that intentional efforts were being made to discourage them. They could not understand such an attitude when most communities welcome new business establishments with open arms.

There seem to be two reasons for this attitude; an urgent need for orderly growth and development, and an effort on the part of some people to discourage and hold back the establishment of almost any new businesses. The first is necessary and good for the community; the second is unnecessary and harmful. The carefully controlled development of this rapidly growing resort city is of the greatest importance to its future welfare and those who come here must be made to understand this. On the other hand, there seems little doubt that new businesses which would have been a distinct asset to Palm Springs have been "frozen out." Others have had many unnecessary obstacles thrown in their path. Too many complaints have been heard for this to be untrue.

The situation is an unhappy one and a difficult one for the city council. It is sometimes hard to tell whether restrictions placed on new businesses are necessary or unreasonable. Much unfair advantage could be taken in the guise of safe-guarding the interests of the community as a whole. This has undoubtedly been done. And yet almost everyone would agree that certain building and licensing standards must be maintained.

It all pretty much boils down to the manner in which our city laws and regulations are interpreted and enforced -- and where authority is placed. The city council and the planning commission are important groups and have many of our best citizens on their membership. The need for unselfish service is quite apparent. The domination of any of our city government commissions or agencies must be avoided if the best interests of all are to be served.

We are bringing this problem to the attention of our readers in the hope that they will give it some attention since it is of great importance to all of us.

GOP Leaders Flock to City for Vacation

Paul Hoffman at
Smoke Tree Ranch;
Matthews Arrives

The town was full of top-flight Republicans over the weekend and more are coming in.

At the Random House last weekend were Mr. and Mrs. Grant Ehrlich. He is head of the Young Republicans of California. With them were Pat Hillings, who succeeded Richard Nixon in the House of Representatives when Nixon won the congressional election, and Pat McGee, a member of the state assembly.

Also in town at Smoke Tree ranch was Paul Hoffman, active in the Eisenhower campaign as co-ordinator and former economic administrator at Washington, D. C.

Robert Matthews of Connecticut, a big wheel in the Eisenhower presidential campaign arrived Monday to remain for two weeks at the Racquet club.

Hoffman has rented a home at Smoke Tree and plans to spend most of the winter here. And there were rumors that President-Elect Eisenhower himself is planning to stop over in the Palm Springs area, briefly before he assumes office.

Home Raided

Furniture Broken
by Intruder

Illegal entry and possible vandalism has been reported to police at the home of Mrs. Marie E. Blue, 530 West Tahquitz drive. Entry was made by pulling a wooden shutter off a rear window, and then breaking the pane of glass. Several articles of furniture were broken and drawers ransacked, but it is not known if anything is missing as Mrs. Blue has not returned to the Village for the winter season, officers said.

Girl, 10, Reports Molest Attempt

A 10-year-old girl reported to police Saturday afternoon that a man driving a car with an out-of-state license stopped her while she was walking home and asked her if she wanted a ride. Refusing his offer, she continued walking home and he followed her and parked across the street, she said, driving away as she called the police.

TERRIFIC HIT—George Dunn, the most refreshing comedy act that has ever hit Palm Springs is currently appearing in the Starite Room of the Chi Chi. His Western twang in delivering his monologue across the footlights plus the shy almost retiring attitude of the slim Texan is a perfect re-incarnation of Will Rogers. The entire bill is excellent and Dunn adds that much needed comedy relief.

Driver Seriously Injured in Crash Near Whitewater

Tom Gouldstone of Los Angeles, injured when the car in which he was a passenger collided with a truck and trailer at the new bridge at Whitewater at 6:30 a. m. Friday, Wednesday was reported by his attending physician, Dr. James Potter, in far condition at Desert Hospital, "considering the seriousness of his injuries."

His condition is gradually improving, Dr. Potter said. Gouldstone suffered two skull fractures and extensive lacerations of the scalp.

Robert J. Marvich, 22, of South Gate, driver of the 1939 model car, suffered a mild concussion, multiple contusions and laceration of the scalp. He was released from Desert Hospital Sunday. Marvich's car collided with a truck and trailer driven by Antonio Valdepena, 34, South Fontana. California Highway Patrol officers investigating the accident issued a citation to Marvich for "excessive speed." The car was traveling east, and the truck west on U. S. Highway 99. Marvich's car was termed "a total loss." Damage to the truck was extensive.

TWENTY ENTERED AT PALM VALLEY SCHOOL IN FIRST YEAR OF ACTIVITY

Twenty students are now enrolled in the Palm Valley School, a private coeducational day school for students of junior and senior high school, grades seven through twelve, according to J. Blake Field, director.

A large increase in enrollment is expected after Christmas, with eight requests for enrollment having been received up to this time.

This is the first year the school has been in operation, and this is an exceptional enrollment for a school of this type in its first year, Field said. It is located on the property formerly owned by the Marsden Foundation some four miles east of downtown Palm Springs, just off Highway 111.

ENROLLMENT is limited though, as the aim of the school is to keep classes small—not more than 10 to 12 in each class—in order to give each student a lot of individual attention, Field explained.

A typical day at the school follows:

Students are picked up by bus at their homes shortly after 8 a. m. At an assembly held right after the students arrive at school, the group offers a prayer and gives the pledge of allegiance to the flag.

Classes start at 8:45 a. m., and each last 40 minutes, with a 15-minute recess at which cookies and fruit juice are served. Lunch is served at 1:10 in the cafeteria. After lunch, a music period is conducted by Mr. and Mrs. Harry Tomlinson.

From 3 to 4 p. m. an activity period is held, with students participating in swimming, volleyball, shuffleboard and similar activities. Students are returned to their homes by bus at 4 o'clock.

THE STAFF of teachers include L. F. Brady, outstanding geologist; Curry Love, mathematics; Joseph P. Hoban, English; Martin E. Bredberg, languages; William A. Mason, sciences, and Mr. Field, Latin and history.

All of the instructors were with Field in Arizona for a number of years, where he also conducted a private school.

Mrs. Field is in charge of the kitchen department, which is headed by Mrs. Jessie Coleman, who was cook in the Palm Springs school district for a number of years.

The dining hall at the school is the former Oasis Hotel dining room and is a gift to the school from Mrs. Austin McManus.

Included among the students at the school are: Roberta and Dick Pollak, Jeanette McCabe,

James Cummings, Bonner Bailey, Stewart Lyons, Debra and Diana Kerr, Frederick Fayen, Mary Jane Hocking, Alice Ann Webb, David and Isabelle Crocker, Roberta Steinbeck and Ann Huntington.

JUST LIGHTNING SAYS WEATHERMAN

It puzzled a lot of people but not C. B. Carnahan, head meteorologist at the United States weather station at Beaumont. He said that the bright flash which raced across the desert sky Thursday night was ball lightning.

"It's common under atmospheric conditions which prevailed that night," he said.

the votes November 4, Eisenhower "would go marching through Georgia." "That's what you call an 'exclusive' isn't it?" he asked. It was and is.

THE THOUGHT came to me last week during the rain... I was sitting here listening to the drip and gurgle of the rain down a neighboring drain pipe

... Enjoying it... And almost lulled to sleep... Then it suddenly occurred to me... Why is it that the gurgling noise of rain down a drain is so soothing... While the drip, drip and the bloop, bloop of a leaking faucet drives you nuts?... There's a field for scientific exploration... A dog is man's best friend... That's why I got a tremendous uplift Monday when I read that in Elsinore a dog bit a cop who had arrested the dog's master... Not that I am in favor of biting cops... But just the

idea of loyalty tickled me.

I HAVE BEEN receiving mail lately from Isadore Moidel of Moidel, Moidel, Moidel and Smith, Los Angeles legal firm... Seems Moidel collects columns and columnists... And I'm one of those collected... That's me, calm and collected... Not only am I collected, but he has sent me a score of columns from other papers... Which makes it fine... You know, if you swipe from one guy, that's plagiarism... If you swipe from a dozen, that's research...

With all of these columns from all parts of the nation at hand, I think I shall do a little research work... But, anyway, the thought comes to me (that's two today) that it's a good thing Moidel doesn't live in Tokyo where they have trouble pronouncing our English "L's"... They always make it an "R"... In Tokyo, therefore, Moidel would be capital punishment with a Brooklyn accent.

WHAT, WITH the election, seeing Mrs. G. off to Florida (treason) and, naturally, sharpening

up the can-openers, I have neglected lately to pay my respects to motorists... I wish, when they came to a boulevard stop such as Andreas and Palm Canyon drive, they wouldn't edge into the crosswalk so pedestrians have to go behind them... And sometimes the car behind them gets so close you have to walk around it, too... Hope I never have to walk to Indian avenue to cross Andreas at Palm Canyon... And I still think that something should be done before the season gets much further along to clear the traffic jams at the Y where P Canyon and Indian converges... The traffic situation is getting worse... Don't blame me for griping but this week's news glist came up with six or seven fender brushes and more serious accidents...

OTHER DAY, up Palm Canyon drive, ran into an unreconstructed Democrat... It was just a week after the election... And he said: "We need a change... The Republicans have been in too long."

Free Breakfast for all at Farmers Market Saturday

Housewives, bachelor men and women and hearty breakfast eaters, you will not have to prepare that meal Saturday morning.

Saturday morning at 9 a. m. as guests of the Desert Farmers Market the concessionaires there and Mayfair Market will serve a luscious breakfast of pancakes with all of the trimmings for anyone hungry enough to stop and partake of the food.

IT'S ALL FOR FREE TOO. And the word passed out in advance is that only the finest of ingredients will be used in the preparation of the food, such as Sperry Pancake and waffle flour, Dude Ranch Syrup, aromatic M.J.B. Coffee.

Both Mayfair and the Desert Farmers Market have long planned this gala affair and nothing has been left to chance in order to make the event a successful one as well as one which will be appetizingly enticing to Villagers, visitors and tourists.

"EVERYBODY is invited to the for the previous year, Cage reported.

The improvement was largely the result of continued growth in revenue, particularly in the higher priced classes of service, and a sharp reduction in power costs, Cage reported.

breakfast," said Harry Ozonoff, manager of the Desert Farmers Market. "If necessary the entire Village population, I am told, will be served."

The affair also will set a high water mark in a giant promotional scheme for everybody, visitor and dweller alike, to become acquainted with both sponsors of the event, the Mayfair Market and the Desert Farmers Market and its concessionaires.

THE HEADS of both firms said that from time to time additional mammoth events will be staged with "everybody invited to attend."

"The food will be of the finest and the service the best that can be obtained anywhere even if you were paying \$1.50 for your hot cakes," declared Harry Ozonoff.

built on the blood of her soldiers," he said that the American government should demand, not ask, that a truce be established in Korea, and set a definite date for this to be done.

COMMANDER LINVILLE told the group that "our greatest mistake through the years has been to permit ourselves to become so weak as to invite attack."

"Preparedness comes high," Linville said, "but it is far cheaper than the expenditure of the lives of young American boys."

"We took the 'arms' out of armistice, and now the youth of America, sons of World War I veterans and brothers of the sol-

diers of World War II are again called upon to fight and possibly make the supreme sacrifice," Linville stated.

HE SAID THAT this "is a day of remembering and thanking Almighty God for guiding and protecting our nation, and asking that He continue to do so."

"Our job is to perpetuate those values for which they gave their lives," he pointed out.

Sixth grade students who spoke were Jadeen Barber, Gary

Soule and Donevee Ellison.
TUESDAY EVENING, Frontier Post, 5987, VFW, observed Armistice Day with a dinner dance at the Baby Doll. Father Michael O'Connor of Our Lady of Solitude church was the featured speaker. Another guest was Homer Varnier, Fourth district supervisor.
George Strebe and Tom Luke of the Baby Doll donated the buffet supper, and all receipts went toward the VFW post building fund.

Helen Field to Head Youth Center for Coming Year

Helen Field was elected president of the Youth Center at the annual election held Saturday night at the Youth Center. Other officers named were: Don Moser, vice president; June Zwerdling, secretary; Wendell Hines, treasurer, and Harold Smith, editor.

Nominations for the posts were made at a dance two weeks ago.

Lawrance Story Under State Fire at Slaying Trial

The state yesterday renewed its attack on the "accident story" told by John Lawrance, accused of slaying of his 16-year-old niece, Kathryn Knodle, after the trial was interrupted Tuesday by the Armistice Day holiday.

Lawrance is accused of killing the pretty high school teenager on a lonely Cherry Valley road and abandoning her body on Ramon road, a few miles east of the Village.

Among witnesses was Dr. Hugh Stephens of Palm Springs who examined the body of the girl after it was found near the city. He testified that death was due to a skull fracture.

Other witnesses said they passed Lawrance's parked car and saw no signs of a flat tire or tire jack. Lawrance claims the girl died when the jack slipped and struck her on the head.

Smog Control Plan Before Supervisors

Supervisors this week agreed to name a committee next week to study the matter of keeping smog out of Riverside county.

The committee will study conditions and probably recommend formation of an air pollution control district for the county.

PRECIOUS STONES SOUGHT IN CANYON

Agua Caliente Tribal Council has granted a permit, the first of its kind, to Guy Birney of San Dimas for the exploration for precious stones in the Palm Canyon area.

The action taken last Wednesday only grants him the right to explore, with the reservation that no damage be done to the natural beauty of the area, the Tribal Council emphasized.

If any deposits of precious stones are found in the area, another agreement as to royalty and supervised excavation will have to be consummated before any mining starts.

Lions to Hear Harmonica Ace

Also on the program will be Miss Florence Miller, Red Cross worker just back from Korea and sister of Don Miller of the Village.

Last week Joe Henderson was chairman and Hal Schleider of San Francisco, Associated Oil Company sportscaster, described the method of presenting football games over the air.

Stormy Weather Forces Delay in Salton Regatta

Heavy seas Saturday and Sunday caused postponement of the National Boat races at the Salton Sea, with only 28 runs being made before the cancellation was announced at 1:30 p. m. by Marvin Boettger of Arcadia, chairman of Region 12 of the American Power Boat Association.

Competition of all classes of outboards will now be held Saturday, November 15, at the Long Beach Marine Stadium.

Before competition was postponed, one new record was made by Elgin Gates, Surfside, California, in a Class E Runabout over a mile straightaway.

One accident occurred, with the driver of the first boat on the lake, Pe.e Peters of Burbank, being hit in the face by a mud hen, which knocked him from the boat.

Entries in the event were estimated at 250, with out-of-state drivers being from Pennsylvania, Ohio, Texas, Oregon, Washington, Utah, Virginia, Arizona and Colorado.

Hoop Candidates Out for Practice

Basketball practice started Tuesday night at the high school gymnasium in preparation for the winter season with 40 out for the first session. Howard Haddock, recreation commissioner, urged that all interested in the fast sport, turned out either Tuesday or Thursday when practice sessions will be held.

Haddock said that those interested in managing a team especially are urged to attend. There are five tentative teams lined up for the league, the Cravy Profs, Village Market, Moon and Moon, Royal Aces and Trojan All-Stars. Other teams are wanted.

Mickey Wright Surprise Leader at Thunderbird

Surprise first day leader in the second annual Thunderbird Invitational Women's Golf tournament is 17-year-old Mickey Wright of San Diego, who holds a two-stroke lead over her nearest rival, Gloria Fecht of Thunderbird and Mrs. Johnny Weissmuller of Lakeside.

It took an eagle on the final green to give her the two-stroke margin. After a bad start in which she took a double bogey on the first hole, she birdied the next two holes and then played consistent golf before coming up with the eagle on the par-five 455-yard 18th. She finished with a 75, one over par.

BEST SINGLE NINE was turned in by Mrs. Weissmuller who turned in a 35 on the incoming nine. She had a 49 on the first round.

Other leaders in the 22-hole tournament are:
75—Ruth McCullah, 41-37; Edean Anderson, 39-39;
80—Jean Damaral, 42-38;
82—Dorothy Workman, 41-41; Nancy Linton, 41-41;
84—Rose Montgomery, 47-37; Jo Gardner, 42-42; Mrs. S. Pollard, 42-42;
85—Arlene Brooks, 44-41; Mrs. L. Clark, 42-43; Mrs. E. Lohman, 43-40;
86—Mrs. Ed Switzer, 45-41; Mrs. Phil Swartz, 43-43; Mrs. William Miller, 45-41; Mrs. Edna Langdon, 45-41; Mrs. D. Duncan, 46-40; Mrs. George Lindsey, 44-42.

NEW WORLD MARK SET AT SALTON SEA

Bob Sykes of Long Beach, driving a new 266-cubic-inch hydroplane designed and built by Joe Guess of Rosemead, set a new world's record on a measured mile straightaway of 121.703 at the Southern California Speedboat Association sponsored event at Salton Sea.

This was the fastest mile ever traveled at Salton Sea, and surpassed the record of 120.085 set last year by Paul Sawyer's Alter Ego of Rochester, N. Y.

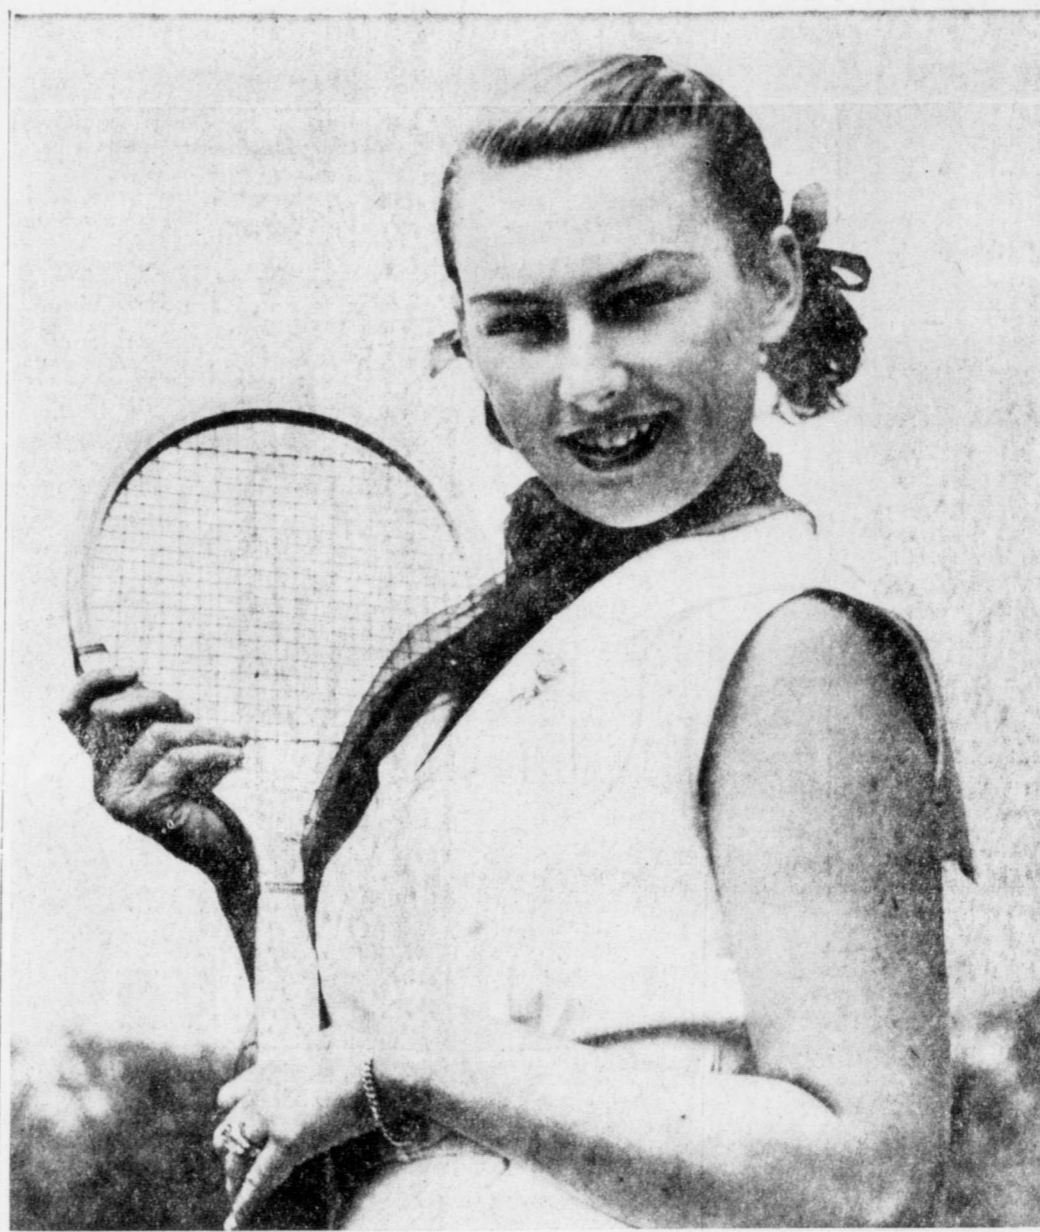

Sykes and Guess were presented with the \$1500 Arthur L. Brobrick trophy at ceremonies Tuesday night at the Salton Sea Beach, marking the end of the racing which was hampered by strong winds the first four days of the meet.

Coachella-Palm Springs Jayvee Grids Win by 7 to 6

Palm Springs Junior Varsity won its first game of the season Tuesday, but it was a combined victory with Coachella; as the eastern representatives of the Riverside County League defeated the western representatives, Beaumont and Hemet, 7 to 6, in the Date Bowl at Indio.

Coachella and Hemet played to a deadlock in first quarter ac-

tion, with the only western score being made by the Cougars from Beaumont against Palm Springs in the second period. Gordon Davis drove across for the touchdown from the Indian nine-yard stripe to climax a 45-yard march. Joe Chavez missed the conversion try. Leo Rios had set up the score with a 28-yard run on a reverse from Davis to

the Indian 10.

HEMET AND PALM SPRINGS played an even game in the third quarter, with neither team scoring.

Coachella put the eastern teams ahead 7 to 6 early in the fourth quarter on a 28-yard

INDIANS, SAN JACINTO TO TANGLE HERE FRIDAY

Last chance for the Palm Springs Indians to climb out of the league cellar will be Friday night when they entertain the seventh-place San Jacinto Tigers at the local athletic field.

San Jacinto has won one game—upsetting their cross-town rivals, Hemet—while losing four games. Coach Clare Ballagh's squad can move into a seventh place tie by winning, and have a good chance to do so.

FOR ONE of the few times this season, the team will be at near top strength with the only doubtful starter being Lester Busby. All the other injured players have recovered, barring any mishaps in practice this week.

Beaumont started early and the Indians started late Friday night, with the game ending before Coach Ballagh's squad had a chance to do more than score more than one time after they started moving.

THE LOCAL SQUAD outplayed the Cougars in the final period, and had control of the game as it ended. Chuck Martin had the honor of scoring the first Indian touchdown of the season.

Top Netters to Perform Sunday at Tennis Club

Gorgeous Gussie Moran will be among a list of top name tennis stars to play at the Tennis Club next Sunday. Others in the galaxy will be Donald Edge, Franko Segura, Flo Alton, Frank Feltrop, Frankie Parker and Carl Earn.

Walter Pidgeon, the well known motion picture actor, will be master of ceremonies.

The public is invited to attend the matches and watch the topflight players in action.

Play will start at 2:30 p. m.

scoring pass from Walt Criner to Jim Blocher, and Chester Maddox added the extra point. The touchdown was set up by Hal Bartlett recovering a Cougar fumble.

taking it over from the one to climax a 34-yard drive.

John Laster added the extra point—the first chance he's had this year to demonstrate his place-kicking ability.

Al Partain and Bob Donnelly paced the potent Cougar attack while it moved in the first three quarters. Partain scored twice and passed to Jim Penrose for another touchdown, and Donnelly set up the other score with two passes to Don Klotz before Bob Dale smashed over from the one.

THE COUGARS scored single touchdowns in the first and third periods and racked up two more in the second quarter.

Outstanding offensive player for the Indians was Chuck Martin, who made consistent gains besides scoring the initial touchdown this year. Tom Martin played an excellent defensive game at guard.

Needs of City
Said Airlines
and Parking

Walsh Reports
on Results of
Local Survey

Stuart Walsh of the Industrial Survey Association of San Francisco who recently conducted an economic survey of the Village as well as the rest of the county, told Chamber of Commerce directors here Friday that improved air service and better off-street parking facilities were the city's greatest need.

a direct air link with the trans-continental lines at Phoenix, Arizona, would be of great aid in bringing tourists here. He said it would have to be via a feeder line to the Arizona city as it is impractical now to have trans-continental flights stop here.

In regard to off-street parking lots, he recommended that the city act now to acquire them even if it means overextending itself financially. He said that some cities waited too long and now have to pay prohibitive prices for off-street parking lots where they will be of value. He said that tourists will not stop or stay if there are no places to park.

Chamber of Commerce directors will consider the Walsh recommendations at a later meeting.

Walsh is also scheduled to address a combined meeting of Rotarians, Lions and Kiwanians next month. The tentative date is December 9.

Woman's Club Meets

Cathedral City Woman's Club opened its Fall season with a banner attendance at a breakfast last Thursday morning at Carol's Club. In recognition of National Art Week Margaret Davidson, program chairman, had on display Agnes Pelton's painting "Smoke Tree in Bloom" recently purchased by the club. She commented upon the lasting pleasure that the members of the club will have in the ownership of this painting and then presented Miss Pelton. The picture is on permanent display at the Cathedral City Public Library it was announced.

The speaker of the day, Mrs. Sophie B. Sturevant, an accom-

plished musician, composer and artist, was then introduced by the chairman and presented a resume of works of famous women artists and a delightful account of the life of Miss Pelton. She expressed appreciation of the untiring efforts of Mrs. Mary Wolseth and Mrs. Miriam Williamson in securing the establishment of the Desert Art Center in Cathedral City and praised the cultural growth in this community.

The next meeting of the club will be held at the Town Hall in Cathedral City next Wednesday, November 19, at two o'clock. Mrs. Frances Bostic of Warren Imports of Palm Springs, and author of the book "Woods and Weeds" will discuss and give demonstrations of arrangements in woods. Margaret Davidson, program chairman, urges all members to attend and bring friends. "With the scarcity of flowers in our desert gardens, it will be nice to know how to arrange the natural growth that we have at hand."

at which plans were discussed for a civic project to be undertaken by the club. As the Woman's Club and the Girl Scouts have undertaken the beautification and care of some of the traffic islands on Broadway it was felt that the Lions should contribute their share toward the beautification of the village. Civic improvement chairman Bud Moon was notified to make a report on what could and should be done. The club which is the sponsor for the local Boy Scouts troop has been having difficulty in securing a Scout leader. Scott Thompson, who led the troop several years ago, has again consented to take on the job, and has been promised assistance by other members of the club.

President Jim Wolseth said that the club and the community is deeply appreciative of Thompson's giving of his time and energy to this very much worthwhile activity. He also ex-

pressed thanks to C. H. Mitchell who so ably headed the troop last year, but found it impossible to continue.

School Conferences

Cathedral City school, Monday and Tuesday of this week, held half-day sessions so that the afternoons could be devoted to conferences between teachers and parents. Mrs. Helen Emery, school principal, says "It is important at the close of the first quarter of school and with the children receiving their report cards for the quarter, that problems be worked out and corrections made before a habit pattern is formed."

This close cooperation between parent and teacher early in the school year is very important. Armistice Day was observed in the school with a short period set aside in each classroom for appropriate ceremonies. The School club held their in-

stallation of officers last Thursday afternoon at the school. Mrs. Helen Emery was the installing officer and presented each officer with lovely yellow and white corsages. The following were installed: Mrs. Wilma Gordon, president; Mrs. Eleanor McNamara, first vice president; Mrs. Edna Hileman, second vice president; Johanna Lake as secretary and treasurer. The president then announced her commitment for the ensuing year. Edna Hileman, ways and means; Eleanor McNamara, child welfare and safety; Ethel Farmer, hostess and LaVerle Ring, membership. Plans were started for one of the big events of the club year which is the Christmas stocking distribution to all the children at the Christmas party.

The lovely American flag and record player which were purchased for the school by the School club from last year's funds were on display at this meeting. An interesting demonstration in reading was given by 11 pupils of the first grade under the direction of Gladys O'Byrne, teacher, showing how far students in this grade progress in reading. A change in meeting days was announced by the president. The first Thursday in each month will be the regular time for the club to meet.

Mrs. Frances Woody took charge of the small children, entertaining them in the kindergarten room so that all mothers could enjoy the meeting.

Around Town

Reverend and Mrs. Hunter were involved in an automobile accident in Beaumont last Sunday evening when returning from filling Dr. Hunter's brother's pulpit in North Hollywood that morning. While not believed to be seriously injured they have entered Desert Hospital for a short period of observation.

Charles Martin is recuperating at home after many weeks in Yuma Hospital following a serious automobile accident. Mr. Martin is making good progress toward recovery but is still confined to bed.

The turkey dinner served at St. Louis Catholic church hall last Saturday evening was such a success that late comers contented themselves with baked ham. Turkey was served to more than 400. Total diners numbered more than 500.

Dr. and Mrs. James Ketchersid with daughter, Sue, and son, James, Jr., have sold their home in San Bernardino and moved to Cathedral City where Sue is at-

tending the Cathedral City school. Dr. Ketchersid recently established an animal clinic and hospital on Highway 111, just east of Cathedral City and is identifying himself with various community activities in the up-

per Coachella Valley area. Mr. and Mrs. Fred Claisworthy of Estes Park arrived last week to winter here.

The winter visitor season is again in full swing and all residents, particularly court

owners are urged to supply this column with names (be sure to get initials, please) and home localities of guests. It is a nice courtesy to them and good publicity for Cathedral City.

I RISE TO REMARK

By CONGRESSMAN JOHN PHILLIPS

I would say the voters not only passed the examination, but passed with high marks. There were many precincts where the voting percentage was well over 90 per cent. This is as it should be, and as it was in the days when people realized that the protection of the Republic was a matter of personal interest and effort; before we began to drift towards Socialism.

It suggests that we, the people, could re-examine our understanding of what socialism really is. We have a habit of applauding, for example, some speaker who says that we must stop any trend towards socialism, because socialism is weakness and no nation attempting it has survived. Then we go to the polls and vote for measures moving the United States in the same direction, or elect candidates whose platforms, when the demagoguery is boiled out, are found to be socialism disguised as something-for-the-people.

PERHAPS WE SHOULD ask ourselves what socialism really is, in government. For the purpose of this letter, I set down 7 precepts:

1. A socialistic government must have control of banking and credit. I observe that, on a recent count, noted in this letter, 34 agencies of our Federal government loan money, or have some credit authority. The money

authorizations, at the moment, of these 34 agencies, exceed \$71 BILLION.

2. A socialistic government must have control of power and eventually of industry and of the factors of production. I recall that in 1940, federally produced power was about 5 million kw, and by now has increased to approximately 15 million kw. Small businesses complain of a movement into combinations, which was the Hitler method of acquiring control. We avoided control of the steel industry by a hairs-breadth. None of these is conclusive, in itself; the trend is suggestive.

3. A socialistic government must control the land. As of now, the Federal government owns 25 per cent of the land in the United States, or approximately 460 million acres. If the attempt to seize the tidelands had been successful, this would have added 85 million acres. Under the New Deal, increasing controls were imposed on the farmers, and their land.

4. A socialistic government must control export and import trade. You may ask any California farmer if he thinks any effort was made, by the administration now passing into history, to control such trade under the Reciprocal Trade Agreements Act, and the arbitrary power that Act gave the State Department?

5. A socialistic government must control the taxing power. This weekly letter has discussed this subject frequently and at length. It is not a question of whether the federal government has used this power to excess; it is only a question of how much longer we could have survived under the taxing program.

6. A socialistic government must control education and information. We have been moving in this direction. Indications in this state, as in others, suggest that thoughtful citizens had already realized this, and that it may have been one of the factors in the recent vote.

7. A socialistic government must control the police powers of the State. Here, fortunately, the United States has shown an inherent resistance. Our entire background opposes the idea. We do not have the military customs which usually precede it.

Using these seven requirements as guides, we can decide for ourselves whether or not we have been moving more or less in the direction of a socialistic State, and away from the Republic.

Cash, Gems Missing

Kathleen Best, Altadena, reported to police Saturday the loss of a green leather wallet containing \$25 in cash and identification cards, and a white gold bracelet.

It's the girls working hard at the switchboards who speed your Long Distance calls across the country. And you can help them put those calls through faster if you will clearly state the name of the town you are calling, the number you want, and the name of the person if it is a person-to-person call.

When you give the number you want, Long Distance calls go through quicker because you don't have to wait while the operator checks with "Information" in the distant town you are calling. However, if you don't know the number your operator will be glad to get it for you.

Long Distance is fast and cheap today—only \$2.50 plus tax for three minutes, coast to coast—cheaper in the evenings and on Sundays and holidays.

Supervisors Ask Lake Elsinore Park

Supervisors Monday adopted a resolution asking the state division of beaches and parks to convert Lake Elsinore and the territory surrounding it into a state park.

Supervisors, in their resolution, declared the lake had been used for recreational purposes for years by large numbers of people, "a great proportion of whom were not residents of the county."

THOSE WHO WERE HIRED without screening provided most of our problems. And when we did finally catch up with them, their prior reputations would have denied them the particular positions of trust in which they were placed. They had good reason for avoiding a scrutiny by the police department.

The Employer's Association has done an outstanding job in this respect, all of which justifies the considerable expenditure of money by numerous firms in the Village. With some exception the private agencies too, have channeled their applicants, and it is hoped that the plan may be continued on a "cooperative" basis rather than requiring it by city ordinance.

In the states of Nevada and Florida employees of certain designated businesses are required by present law to have a state-approved identification card in order to receive their pay check. Reno reported last year that 99 per cent compliance was experienced in that city.

A WEEK LATER the prominent resident returned to his eastern home, accompanied by his "devoted" man servant. On their arrival the valet "apparently" missed his employer's taxi at the railroad station and hadn't been seen since.

Only then was the employer's suspicions aroused and reporting by mail the valet's disappearance admitted his cupidity. He also advised that he hired the man only 60 days before "without reference" and was completely fooled by his apparent "devotion."

Hampered by the delay a belated "make" revealed the subject to be a three-time "loser" and one of the best jewel thieves in the country. The jewelry was never located and we were unable to muster sufficient evidence to pick the subject up even on suspicion. The insurance company paid off and you may be sure it is just such losses that make assurance rates so high.

George Reed of Los Angeles reported to police Sunday the loss of his tan leather wallet containing cash and identification cards.

On the Trails

Our desert trails have been humming merrily with the clip-clop of much to do of late. The return to the Village of the Los Caballeros and Pines to Palms Riders ended in a gay dinner and dance hosted by Travi Rogers at Rogers Ranch.

Ronnie Stuart presented the Stuart-Romero Trophy, a Trail horse plaque, to Pappy Bergwald—an honor bestowed upon the rider who gave his horse the most consideration, on the entire trip.

Many Sunday trails have been converging at the Palm House where the horses laze in the sun while their riders enjoy Dale Stoners pineapple spareribs, and a turn or two in a square dance out under the palms.

Good to see Ed McCoubrey, just back from Europe, on the trails again astride his spirited Arab which he quarters at French's Desert Inn Stables.

N. L. "Jake" Nagler, president of the Rogue River Ranches, Inc., of Oregon has been enthusiastically exploring our trails. He plans to remain most of the Winter.

The Desert Riders turned out en masse for their first breakfast ride of the season held at Sunny Cove. Jack Boyer flipped

his famous flapjacks. A late Sunday afternoon cocktail party at the Los Compadres clubhouse, and Moonlight dinner ride to Bill Moore's ranch highlighted the evening riding events.

Another group of ten Nite-Riders, trailed to Tommie Barker's for chicken-a-la-moonlight. Among these were Bob Wiseman, Ely and Orrie Windhurst, Shirley and Jimmie Cooper, Hutch and Billie Mosely, Mildred and Perry Sanders and cute little Dottie Higgins.

Los Compadres elected Jimmie Cooper their new president, Warren Coble vice president, Dottie Higgins secretary, Alvie Butler, treasurer, with Ely Windhurst and Perry Sanders on the board of directors.

See you on the trails. —AINTA HASKELL JONES.

CHRISTIAN SCIENCE SERMON DISCUSSES IMMORTALITY

The putting off of mortality and putting on of immortality by which the intrepid Apostle Paul refers is discussed in the weekly Bible Lesson entitled "Mortals and Immortals" read in all Churches of Christ, Scientist, on Sunday.

Paul's declaration to the Corinthians (1 Cor. 15:53) is the Golden Text: "This corruptible must put on incorruption, and this mortal must put on immortality."

In his epistle to the Romans (8:14, 16 Paul asserts, "For as many as are led by the Spirit of God, they are the sons of God... The Spirit itself beareth witness with our spirit, that we are the children of God."

Mary Baker Eddy says in the Christian Science textbook, "Science and Health with Key to the Scriptures": "The real man is spiritual and immortal, but the mortal and imperfect so-called 'children of men' are counterfeits from the beginning, to be laid aside for the pure reality. This mortal is put off, and the new man or real man is put on, in proportion as mortals realize the Science of man and seek the true model" (p. 409).

AT FORMAL OPENING—Among guests at the formal opening of Shadow Mountain club last Saturday night were Edith Eddy Ward, right, and Mr. and Mrs. Ed Miller, members of an old California family and residents of Santa Ana.

County to Exhibit at State Capitol

George Gerwing, secretary-manager of the county board of trade, said Artist Bayard De Volo of Pasadena has almost finished exhibit of Riverside county that will be placed in the new state capitol annex at Sacra-

mento.

Every one of California's 58 counties has space for an exhibit in the annex, and a temporary exhibit is occupying Riverside county's space until De Volo finishes the permanent exhibit.

Gerwing said the temporary exhibit of the glories and attractions of Riverside county has been so successful that it has increased requests to his office for information about the county by "ten or twelve per cent."

Gay Offering at Padua Hills to Close Next Week

Contributing to the versatility of the entertainment at the indoor hilltop playhouse are four new members of the Mexican Players appearing in connection with "Viva la Fiesta," panorama of songs and dances, at the Padua Hills theater.

Luis Abundiz, of Cuernavaca, Mexico, is making his stage debut in a sensational barefoot dance of Morelos, titled "Indio Zocalteco," never before presented north of the border, it is believed.

Gilberto Flores, talented guitarist and vocalist, is being presented in engaging instrumental and vocal trios in the play, Salvador Martinez, another skilled guitarist, is appearing with Flores and other musicians in orchestral offerings.

Samuel Misquez, brother of the late Elisa Misquez, remembered as one of the most beloved comedienne of the Mexican Players, is dancing in foyer entertainment and will make his stage debut in the next Padua play.

"Viva la Fiesta" presents an all-embrasive assortment of Mexican fiesta entertainment with sections devoted to the songs and dances of Yucatan, the Revolution, a market place festival, and a special instrumental interlude.

Palm Desert Sunbeams

By EDITH EDDY WARD

Western night at the Shadow Mountain club last Thursday night was a great success. Saw Wilbur Bear "cutting the rug" with Mrs. Suard, Edgar Bergen was an interested spectator on the sidelines, talking with Maynard S'rah, Dr. and Ruth Hayes were on hand, as were Mary Ana Wahrer, the Ray Rodney Jones and Commander and Marie Walter. Most of the local colony were having fun.

During the week additional shops were opened for the new season. Jean Harlow Bello is back and has reopened her "Antiques, Ltd." store in the Patio Shop's group. Many old friends were on hand to greet her as she opened. She has added some very fine items to her stock.

On the highway, in the new Roy Earle building, Helen Weiss held the formal opening of her "Nearly New" shop and a goodly group of local desertites dropped in to look over her wares. Helen has a very good idea there. Those little odd and extra pieces no longer needed but which still have real value, can be passed on to Helen who is in a position to dispose of them on a consignment basis, to others who have need of them. Works out nicely for both parties.

Louis Keightley, who recently purchased a nice desert home in Palm Desert has opened up a public accountant office in the Twin Palms Apartments on Oasis street, Indio, and will handle accounting and income tax problems for desert folks.

Palm Desert rockhounds held their monthly meeting Friday night in the Community church and listened to a lecture, with exquisite colored slides, on the formation of gem stones, by George Merrill Roy. After the lecture, Mr. Roy, who organized and served as the first president of the organization, was awarded a beautiful plaque as a token of appreciation by the Society. President Don Butterworth made the presentation.

Catherine Vonn returned to the desert and will spend the Winter in Palm Desert. Readers of Desert Magazine will recall her delightful little stories on homesteading up in Section 36.

While secretary to the Los Angeles City Council, she filed on the local jackrabbit homes'ead, and almost before anyone else had taken up residence on the tract, she towed a little cabana all the way from town and lived on her five acres for a year. She has just returned from Japan where she spent over a year as secretary to the Commanding General of the Far East Air Force. She lived in Tokyo, visited in Korea, in romantic Saigon, and in other out-of-the-way places during her tour of duty.

Upon her release from the service, she was awarded a special scroll which is the equivalent to a citation to Army personnel, for her outstanding work as a civilian employee in the Air Corps.

Herb Pritzloff is busy installing a complete electronic heating system in his home under the supervision of Al Weis, A.I.A., Palm Desert's new registered architect, who has been in charge of architectural work on the El Mirador hotel in Palm Springs.

SHADOW MOUNTAIN ECHOES: Margie Brown was "The Beautiful Lady in Blue" at the formal opening of the club last Saturday and Audrey Allgoewer stood out in the crowd in her white gown covered with iridescent sequins, while Mrs. Ed Reicher's black and white taffeta made a striking effect. The J. F. O'Connors came down especially for the occasion with their son, Jack and his lovely wife. Everyone who attended was unanimous that it was the nicest party held at SMC since the grand opening four years ago!

Indio Man Says They Stole Car

John Shaunessey, Marshall Trailer Court Indio, reported to police Saturday morning the theft of his auto by two men he had picked up in the parking lot of a local night club the previous evening.

Just before reaching Fontana, the two men took over control of his car and forced him out, Shaunessey said.

HOME TOWN BOY MAKES GOOD—Herb Flemington, remembered for his performances in Desert Circus Insanities who will appear on TV Monday. Above he is shown with Kay Starr at the Flamingo in Las Vegas where he has been appearing.

Flemington on TV Show Next Monday

"Home town boy makes good" might well be the title of the story of Herb Flemington of Palm Springs.

Flemington, who will appear on Art Linkletter's noon show over CBS next Monday, is well known by Villagers who saw him here in "Insanities" produced by Melba Bennett.

As Charles Farrell's protegee, Flemington later went to New York where he tried out for "Call Me Madam" last year. He will appear in a stellar role when the play opens at the Flamingo Club in Las Vegas on December 11.

Before returning to Las Vegas and the Flamingo Club where he has been appearing, Flemington will vacation here in Palm Springs with his wife and three children at 928 Avonida Palmas. Both he and his wife are active in Community church circles.

Everyone in the Palm Springs area reads The Sun.

Villager Testifies in Texas in Move to Return Suspect

Blankenship, Wanted Here in Investigation of Five Burglaries, Fights Extradition

Extradition hearing for Ray Blankenship, suspected of committing five daylight thefts here on October 22, scheduled for last Thursday, was continued to today, Thursday, in Austin, Texas, with Villager George Kuffner scheduled to be one of the witnesses.

Blankenship is fighting extradition, police report, and Kuffner left here Monday to aid Capt. Orest Johnson and Sgt. Durman Ordway in their attempt to return him here for prosecution.

KUFFNER and his wife provided the police with their first lead to the solving of the robberies, reporting that they had observed the license number of a suspicious acting car, and one of the occupants entering the yard of the next door yard.

Soaking Rain Drenches Desert with No Damage

Clear skies Sunday marked the end of a rainstorm which drenched the desert area as well as all southern California Friday and early Saturday. The storm abated in mid-morning Saturday salvaging what first looked like a wet weekend.

During the storm 120 inches of precipitation was measured here, bringing the season's total to 27.1 inches. More than twice as much as last year at this time.

Although Tacheva canyon, Baristo road and Arenas road as well as Indian avenue and Palm Canyon drive carried a heavy

volume of water during the height of the storm Friday evening, no damage was reported in the city.

Palm Desert received the heaviest fall in the local area, measuring 1.32 inches while Cathedral City recorded 1.02 inches.

A portion of Highway 111 between Cathedral City and Palm Desert was washed out by the storm but traffic was quickly resumed. Coachella Valley phone services were disrupted and a power failure darkened the area Friday night. No trouble was reported to communications and power lines here.

Campfire Girls Directors Guests at Odum Ranch

The national directors of the Campfire Girls of America wound up their annual fall meeting at Indio Sunday and left for their homes Monday.

Eighteen of the organization's 22 national directors in a business meeting Saturday.

1. Made plans for spending the approximately \$400,000 budget for 1953.

2. Decided to hold their Spring meeting April 29 in Omaha, Nebraska.

3. Approved further remodeling of Campfire Girl headquarters in New York city—a \$24,000 project on which approximately \$12,000 has been spent. The project began several months ago.

Host to the directors was Jacqueline Cochran (Mrs. Floyd Odum), a director herself, and most of the guests stayed at the Odum ranch, two and a half miles south of Indio.

She said no important changes in the Campfire Girls program is planned for next year. The budget and program of expenditures is about the same as for this year, she said.

GOP Council to Nominate Today

Officers will be nominated for the coming year when Palm Springs Republican Council meets this afternoon at 2 o'clock at the Fiesta House on the Desert Inn grounds.

Gertrude Walker, president, has called a board meeting prior to the business meeting.

The nominating committee's slate is Marion White, president; Evelyn Pell, first vice president; Mrs. Rex Hardy, second vice president; Mrs. Gordon Clarke, corresponding secretary.

Mrs. Walker urged all Council members to attend the meeting.

Christmas Club Checks for 200 Villagers Ready

An early sign of Christmas season's approach the distribution of 200 Bank of America Christmas club checks to residents of Palm Springs was disclosed today by Fred Ingram, branch manager here.

Ingram said that the end-of-the-year checks are being sent out November 15, earlier than in previous years, in order to beat seasonal mail and shopping rushes.

Bank of America will distribute 300,000 checks totalling \$33,000,000 to club members throughout California this year, according to the branch manager. It is a new record for savings program of this kind.

Christmas checks receive a warm welcome from the club members, who, as a result, are better able to meet year-end financial obligations and to help Santa Claus fill the children's Yuletide stockings, Ingram said. He added that enrollments for the 1953 Christmas Club are now being accepted at the bank.

Find Only Faint Clue to Robber and Heavy Load

Police this week were investigating several meager clues to the strong arm bandit who last week robbed a Villager of \$215.

Entering through an open door and then holding a knife against the throat of his victim, the man, in his late 20's, robbed Max Rosales, No. 1, Plaza Men's Lodge, of \$215 in silver dollars which he kept in a bank in a drawer in his room.

The intruder entered the room at 4:40 a. m. Saturday, while Rosales was wrapping a pack-

Persistent rumors which prevailed here during the month that Douglas Aircraft corporation planned to build a large plant in the San Giorgio Pass area near Beaumont, were quieted last week when Donald Douglas, president of the corporation, said it was not buying any land anywhere at this time. The rumors said that the company had purchased an 8000-acre tract for its factory.

Douglas' statement was made to Mayor R. A. Coverdale of Beaumont.

WOMAN ABOUT TOWN

By MARY F. HEYMAN

Now, that the rest of Southern California is moving into a more or less depressing season of rain and fog, of wind and clouds and eye-smarting smog (with apologies to the Chambers of Commerce), Palm Springs comes into its own -- a veritable fairy-land of beauty -- an eternal spring where the sudden bursting of buds and blossoms and blades of grass heralds not the advent of winter, but the birth of a glorious vacation-time.

No doubt, the newcomer here is more impressed than the accustomed resident or the seasoned visitor, with the varied scenery, the balmy atmosphere and the glamorous air of expectancy that makes Palm Springs a mecca for interesting people from all over the universe.

I have been singularly impressed, in my brief time here, by the growing conviction that people actually love Palm Springs!

They Come, They Stay

They come first as visitors, not alone for the charm of the life, the gala social affairs and the friendly casualness of the town, but because, in their hearts and minds, they seek the beauty and tranquility of the desert sun, of tawny mountains silhouetted against an azure sky, of stars that flicker like diamonds in the mid-night heavens, of the very silence that is beauty.

Perhaps they wish, unconsciously or otherwise, to "get away from it all" -- to be out of the sound and fury, the unrelenting demands of the great metropolises, and, to live in peace.

And so, in that flowery but sincere conviction, let us pause and look at what Villagers are doing and saying in our midst as the 1952-1953 season begins.

Gala Weekend

Biggest event of the coming day celebration at the Tennis Club will be a gala three-club to be climaxed by the fabulous Golden Nugget ball.

Proceeds from the affair, for which many, many Southland socialites have already made reservations, will go to a very worthy cause -- perhaps I might say the worthiest of all causes because it will alleviate suffering -- the Jimmy McHugh Polio Foundation.

Among members of the smart set who have reserved bungalows for the entire weekend are Mr. and Mrs. John McNabb of Bel-Air, Mr. and Mrs. Cleveland Putnam of Bel-Air, Mrs. Jerry Kellard of Bel-Air, Hyatt Von Dehn of Bel-Air, Tony Moreno, Mr. and Mrs. Arthur Bergh of Los Angeles, Mr. and Mrs. George Hull of Los Angeles, Mr. and Mrs. Edward Albertson of Los Angeles, John A. Gillin of Bel-Air and Dallas, Texas, Mr. and Mrs. Al G. Hill of Bel-Air and Dallas, Mr. and Mrs. Lanny Lytle of Bel-Air, Mrs. Cobina Wright, Mr. and Mrs. Dwight Hirsch of Beverly Hills, Mr. and Mrs. Milton Bren (Claire Trevor), Beverly Hills, Mrs. Nina Anderton of Bel-Air, Clair Windsor of Bel-Air and Mr. and Mrs. Max Shapiro, also of Bel-Air.

From Far and Near

Others who will journey to Palm Springs for the weekend of events include Mr. and Mrs. Howard Tullis of Beverly Hills, Mrs. Julie Wallis Kline of Beverly Hills, Mr. and Mrs. Jack Giba of Bel-Air, Dr. and Mrs. Ralph Pace of Bel-Air, Mr. and Mrs. John Haskell of Bel-Air, Miss Lucella Parsons of Beverly Hills, Margaret Ettinger of Beverly Hills, Richard Greene of Hollywood and Mr. and Mrs. Richard Rand of Beverly Hills.

Reservations for the Golden Nugget Ball have been made by Winter residents Mr. and Mrs. Noel Clark, Mr. and Mrs. Mel Burns, Mr. and Mrs. Shelton McHenry, Mrs. Bertine Treat, Mr. and Mrs. John McClure, Mr. and Mrs. Edward Fallgren, Mr. and Mrs. Monty Herbert, Mr. and Mrs. Kenneth Kirk, Mr. and Mrs. William Malouf, Mr. and Mrs. Jack Wraether, Mr. and Mrs. George Cameron, Miss Dorothy Gray,

Mr. and Mrs. Frank Lloyd, Mr. and Mrs. Belmont Sanchez, Mr. and Mrs. Sam Taylor.

Mr. and Mrs. Charles Garretson, Mr. and Mrs. Ralph Kiner, Mr. and Mrs. Bob Howard, Mr. and Mrs. Glenn Austin, Mrs. Lee Anderson, Mr. and Mrs. Oliver Jaynes and Mr. and Mrs. Austin McManus.

Additional Hollywoodites will include Mr. and Mrs. Walter Pidgeon, Donald Budge, Miss Gussie Moran, Miss Jane Wyman (Mrs. Freddie Karger), and Tom Niele.

Other highlights of the weekend at the Tennis Club will include a fashion showing of the famous designer, Marussia, Saturday noon around the oval pool, an all tennis tournament featuring professional stars on Sunday afternoon.

Happy Birthday

La Serena was the scene of much gaiety a weekend or so ago when friends dropped in to wish Mrs. George (Katherine) Brown a happy birthday.

Taking part in the celebration were the couple's son and daughter-in-law, Mr. and Mrs. Robin Brown of Los Angeles; their daughter and son-in-law, Mr. and Mrs. Bruce Kinney of Van Nuys, and Mr. and Mrs. William Bendix of Hollywood.

Just Like Christmas

An epidemic of unsuppressed joy swept through a little Village trailer court last week -- the kind of joy that comes to little children grouped around a gift-laden Christmas tree.

For, after seven long years of suffering, pretty 17-year-old Virginia McCook, former child actress, has abandoned her crutches and can stand alone again.

Virginia, daughter of Mrs. Melba McCook of 1862 South Palm Canyon drive, had already launched a promising film career at General Service Studios in 1946 when she was struck down by a speeding automobile while awaiting a street car in a safety zone.

They say the little Girl Scout smiled bravely as she lay on a hospital cot and waged a valiant battle for life. However, a badly shattered shoulder, hip and pelvis failed to respond to treatment and dread infection set in following emergency surgery.

Seven years of heartbreak ensued when it must have been difficult to remember the Girl Scout pledge, the start of a film career that had meant so much.

Two weeks ago, however, Virginia's indomitable courage saw her through a final operation, her ninth major surgery, at the Los Angeles Orthopaedic Hospital, and today she faces a new world of opportunity -- of chance -- without the aid of a pair of sticks. "I'd like to say 'thanks' to some of the Villagers who made the operation possible -- members of the local 40 and 8 who donated their blood that a little girl might walk -- John Joyce, John Remak, Don Burns, A. F. Wilson and Tony Blust. And, for her kindness to a little girl in need, a big or child to Mrs. Eleanor M. Hall of Palm Springs, who tutored Virginia during the interminable months she was confined to a bed, and also arranged for the blood donations.

They say that, somehow, Virginia doesn't seem to care too much any more about the movie career so cruelly ended by unforeseen tragedy -- they say that she has forgotten about the time she appeared in pictures with Paul Muni and other stars of the time; forgotten about the glamor of make-up and movie sets and the thrill of near-fame.

Today, they tell me, she

A WOMAN'S CLUB—Elizabeth Talbot-Martin who will appear before Palm Springs Woman's club next Monday.

Men's Night for Woman's Club Monday

By RUTH MARTIN

Something very special in the way of entertainment is in prospect for the evening of November 17 at the Palm Springs Woman's club, designated as "Men's Night," when lovely and talented Elizabeth Talbot-Martin is scheduled to appear at 8 o'clock in a series of satirical impersonations and original dramatic sketches. It would be a strange man who wouldn't be charmed by this clever girl so famous for her beauty and lovely voice.

Elizabeth Talbot-Martin has toured in concert with Veloz and Yolanda, Edgar Bergen, Arthur Godfrey and other equally prominent personages. She has appeared in her own act at Radio City Music hall, at the Waldorf-Astoria, as well as the nationally known "Turnabout Theatre" in Hollywood, while radio and television have made her voice and face familiar to audiences from coast to coast.

The selection of this famous artist who shares honors with such distinguished entertainers as Ruth Draper and Cornelia Otis Skinner was made with careful intent to provide top-flight entertainment for "Men's Night," the one occasion during the club season set aside by the clubwomen to honor husbands and other male members of their families. A cordial invitation to attend is extended to those who enjoy a delightfully humorous evening of sophisticated entertainment.

Mr. and Mrs. SanChez at Their Home Here

Mr. and Mrs. Belmont J. SanChez and young daughter, Blair J., are spending the month of November in their Las Palmas Estates home. Mrs. SanChez was among the Los Angeles players in the Women's Invitation Golf tournament at Thunderbird this week.

would like to develop her vocal talents and devote her time and efforts towards a musical career. However, if no opportunities come her way in that field, her next choice will be secretarial work.

In January, she will return to school here in Palm Springs to prepare for graduation with her class next Summer. She smiled a little wistfully when she confided to me the other day:

"You know, I'm afraid I'll have stage-fright when I go back into a classroom again -- it's been so long, I'm scared -- more than I was when I faced the cameras that first time -- if some of the kids would write to me, I know I'd feel a lot better about it."

Shadow Mountain Club Gay Scene at Formal Opening

The attention of Southland society was focused on Palm Desert over the weekend for the Fifth Annual Formal Opening of the Shadow Mountain club. More than 400 members of the fashionable club and their friends attended the dinner dance which was highlighted by outstanding entertainment by well known celebrities.

Joe E. Brown, a life member of Shadow Mountain club, acted as master of ceremonies, and Jan Clayton (Mrs. Robert Lerner), a new member of the club, sang numbers from "Guys and Dolls" in which she recently co-starred with Allan Jones. Well known TV star, Dusty Walker, sang ballads, and Elizabeth Talbot-Martin highlighted the evening with her clever impersonations.

There were many large dinner parties. Mr. and Mrs. Floyd Odium (Jacqueline Cochran) hosted a table for 35, and Clifford W. Henderson, founder of Shadow Mountain club, had a table for 26.
